HEAD OF DEPARTMENT STAGE – (Scenery / Carpentry / Steelwork) SHOW CREW (m/f/d)

Full-time, fixed-term position (48 hours/week)

Are you skilled in carpentry, confident in leading a team, and passionate about live entertainment? Do you want to lead a team on tour for a musical production and at the same time be an active part of the show crew during rehearsals and performances? Then join our team at **System Provider Eventmanagement GmbH**.

YOUR RESPONSIBILITIES

- Lead and coordinate the Carpenter and Show Crew department
- Manage personnel, assign tasks, and oversee workflows throughout the tour
- Plan, organize and execute setup and teardown as well as maintenance of sets and draperies, dance floor installation, and operating the automation
- Actively participate as part of the show crew during rehearsals and performances – including scene changes
- Work closely with Technical Management, Stage Management, Backline, Sound and Lighting
- Ensure compliance with all relevant safety regulations and monitor their implementation
- Support material logistics, tool maintenance and technical requirements
- Document working hours, processes and production-related technical details

YOUR PROFILE

- Completed vocational training in a skilled trade or several years of experience in stage construction, Show Crew or event technology
- Experience leading and coordinating a team
- Strong organisational skills and a confident manner in a live production environment
- Strong practical skills and technical understanding
- Welding qualification for aluminium and steel is an advantage
- Ability to work well under pressure, flexibility and strong teamwork skills
- Very good command of German and/or English

WHAT WE OFFER

- Fair and competitive remuneration, including applicable allowances.
- Paid overtime
- All travel and accommodation expenses covered
- A committed and professional team
- Opportunities for professional development and a unique live-stage experience.
