LIGHTING TECHNICIAN – FOH LIGHT OPERATOR (m/f/nb)

Full-time, fixed-term position (48 hours/week)

Are you skilled in lighting, show- and audio-savvy, and passionate about live entertainment? Do you want to be part of a touring team manage the visual design of a musical production? Then join our team at **System Provider Eventmanagement GmbH**.

YOUR RESPONSIBILITIES

- Operate the FOH lighting console as deputy for the Head of Department during rehearsals and performances
- Adjust and maintain lighting equipment according to artistic requirements
- Set up, configurate, and maintain lighting systems at each venue
- Monitor and control all lighting installations during rehearsals and performances
- Collaborate closely with Technical Director, Stagemanagement, Audio, Video, Backline, and Show Crew
- Assist with setup and dismantling of the lighting system
- Support the preparation and maintenance of documentation, patch lists, and technical records
- Ensure compliance with all relevant safety regulations
- Assist with technical requirements of the production as needed

YOUR PROFILE / QUALIFICATIONS

- Completed training or several years of professional experience in lighting / FOH operation
- Solid knowledge of lighting consoles, networks, DMX, RDM, and modern lighting systems, as well as technical drawing (cad, vwx)
- Creative understanding of lighting design and strong technical affinity
- Resilience, teamwork, and confident presence in live production environments
- Structured working style and strong organizational skills
- Excellent German and/or English language skills

WHAT WE OFFER

- Fair and competitive remuneration, including applicable allowances.
- Paid overtime
- All travel and accommodation expenses covered
- A committed and professional team
- Opportunities for professional development and a unique live-stage experience.
