SHOW CREW / STAGE TECHNICIAN (m/f/d)

Full-time, fixed-term position (48 hours/week)

Are you hands-on, passionate about live entertainment, and love to be part of a musical production on tour? Then apply to join our team at
System Provider Eventmanagement GmbH.

YOUR ROLE

- Set-up and dismantle stage elements and scenic pieces, including floor installation and soft goods handling
- Operate and support technical effects during rehearsals and performances
- Maintain, clean and repair scenic elements (e.g. set pieces, curtains, flooring)
- Support and occasionally substitute the Head of Department
- Collaborate closely with other technical and stage departments (e.g. Light, Sound, Costume, Make-Up)

YOUR SKILLS

- Training or qualifications in stage technology or event technology are an advantage
- Experience in live productions, musical theatre, or touring shows
- Strong practical skills and technical understanding; experience in carpentry, steel construction or similar trades is an advantage
- Flexibility, reliability, and a team-first attitude
- Structured, solution-oriented work approach
- Confident communicator in both English and/or German
- Comfortable using hand tools and power tools
- Forklift licence and experience operating mobile elevating work platforms are desirable
- Class B driver's license is an advantage

WHAT WE OFFER

- Competitive salary including night, Sunday, and public holiday premiums
- Per diems based on experience and qualifications
- Paid overtime
- All travel and accommodation expenses fully covered
- A professional, supportive team and work environment
- Opportunities for skill development
- A unique touring experience with an internationally beloved show

READY TO JOIN US?

We'd love to hear from you!
